## INDEPENDENT LIMITED REVIEW REPORT

## Independent Auditor's Review Report on the Quarterly Standalone Un-audited Financial Results of Purvanchal Vidyut Vitran Nigam Limited pursuant to the Regulation 52 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, as amended.

Review Report to The Board of Directors, Purvanchal Vidyut Vitran Nigam Limited, Bhikharipur, Varanasi - 221004

Dear Sir,

Re: Limited Review Report of the Standalone Un-audited Financial Results for the Quarter ended 30th June, 2022 and year to date 1st April, 2022 to 30th June, 2022.

#### Report on the Financial Statements

We have reviewed the accompanying statement of Un-audited Standalone financial results of Purvanchal Vidyut Vitran Nigam Limited, Bhikharipur, Varanasi for the quarter ended 30<sup>th</sup> June, 2022

#### Management's Responsibility for the Interim Financial Statements

This statement which is the responsibility of the Company's Management has been prepared in accordance with the recognition and measurement principles laiddownin the Indian Accounting Standard 34 "Interim Financial Reporting" (Ind AS 34), prepared under Section 133 of the Companies Act, 2013 read with relevant rules issued there under and otheraccounting principles generally accepted in India. However, where there is deviation from the provisions of the Companies Act, 2013, the corresponding provisions of Electricity (Supply) Annual Accounts Rules 1985 have been adopted (To the extent notified and applicable). Our responsibility is to issue a report on the financial statement based on our review.

#### Practitioner's Responsibility

Our responsibility is to express a conclusion on the accompanying unaudited Standalone financial statements. We conducted our review in accordance with Standard on Review Engagements (SRE) 2410 - "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free from material misstatement.

A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Standalone Unaudited financial results prepared in accordance with the applicable Indian Accounting Standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of the Regulation 52 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, including the manner in which it is to be disclosed, or that it contains any material misstatement.

All the Financial Assets are recognized initially at fair value plus transaction cost that are attributable to the acquisition or issue of the financial assets as the company purchase/acquire the same on arm length price and the arm length price is the price on which the assets can be exchanged.

## Subsequent Measurement:

0,

- A- Debt Instrument:- A debt instrument is measured at the amortized cost in accordance with Ind AS 109.
- **B-** Equity Instrument:- All equity investments in entities are measured at fair value through P & L (FVTPL) as the same is not held for trading.

Impairment on Financial Assets- Expected credit loss or provisions are recognized for all financial assets subsequent to initial recognistion. The impairment losses and reversals are recognised in Statement of Profit & Loss.

# XV- FINANCIAL LIABILITIES

# Initial recognition and measurement:

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. All the financial liabilities are recognised initially at fair value. The Company's financial liabilities include trade payables, borrowings and other payables.

# Subsequent Measurement:

Borrowings have been measured at fair value using effective interest rate (EIR) method. Effective interest rate method is a method of calculating the amortised cost of a financial instrument and of allocating interest and other expenses over the relevant period. Since each borrowings has its own separate rate of interest and risk, therefore the rate of interest at which they are existing is treated as EIR. Trade and other payables are shown at contractual value/amortized cost.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expired.

# XVI- MATERIAL PRIOR PERIOD ERROR

VARANASI

ered Accou

Material prior period errors are corrected retrospectively by restating the comparative amount for the prior periods presented in which the error occurred. If the error occurred before the earliest period presented, the opening balance of assets, liabilities and equity for the earliest period presented, are restated.

## PURVANCHAL VIDYUT VITRAN NIGAM LIMITED (A wholly owned subsidiary of U. P. Power Corporation Limited) VIDYUT NAGAR, B. L. W., VARANASI

### NOTES TO ACCOUNTS

Annexed to and forming part of Balance Sheet as at 30.06.2022 and Statement of Profit and Loss for the period ended on that date.

### 1. Financial Risk Management:

The company's principal financial liabilities comprise loans and borrowings, trade payables and other payables. The main purpose of these financial liabilities is to finance the company's operations. The company's principal financial assets includes borrowings/advances, trade & other receivables and Cash that derive directly from its operations.

The company is exposed to the following risks from its use of financial instruments:

(a)<u>Credit Risk</u>: Credit risk is the risk of financial loss to the company if a customer or counter party to a financial instrument fails to meet its contractual obligation resulting in a financial loss to the company. Credit risk arises principally from cash & cash equivalents and deposits with banks and financial institutions. In order to manage the risk, company accepts only high rated bank/FIs.

### (b) Market Risk:

Foreign Currency Risk: Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the company's income/loss. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimizing the return. The company has no material foreign currency transaction hence there is no Market Risk w.r.t foreign currency translation.

<u>Interest Rate Risk:</u> The Company is exposed to interest rate risk arising from borrowing with floating rates because the cash flows associated with floating rate borrowings will fluctuate with changes in interest rates. The company manages the interest rate risks by entering into different kind of loan arrangements with varied terms (e.g. Rate of interest, tenure etc.).

At the reporting date the interest rate profile of the company's interest-bearing financial instruments are as under:

		(₹ In Lakh)
Particulars	30.06.2022	31.03.2022

Variable Interest Rate Instruments- Cash Credit from Banks		
Total	27,56,357.38	28,37,648.67

#### Fair value sensitivity analysis for fixed-rate instruments

The company's fixed rate instruments are carried at amortized cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(c) Liquidity Risk: Liquidity risk is the risk that the Company will encounter difficultyin meeting the obligations associated with its financial liabilities that are settled by delivering cash or other financial assets. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed condition, without incurring unacceptable losses or risking damage to the company's reputation.

The company manage liquidity risk by maintaining adequate FI/Bank facilities and reserve borrowing facilities by continuously monitoring, forecast the actual cash flows and matching the maturity profile of financial assets and liabilities.

(d)<u>Regulatory Risk:</u> The company's substantial operations are subject to regulatory interventions, introductions of new laws and regulations including changes in competitive framework. The rapidly changing regulatory landscape poses a risk to the company. Regulations are framed by State Regulatory Commission as regard to Standard of Performance for utilities, Terms & Conditions for determination of tariff, obligation of Renewable Energy purchase, grant of open Access, Deviation Settlement Mechanism, Power Market Regulations etc. Moreover, the State Government is notifying various guidelines and policy for growth of the sector. These Policies/Regulations are modified from time to time based on need and development in the sector. Hence the policy/regulation is not restricted only to compliance but also has implications for operational performance of utilities, return of Equity, Revenue, competitiveness, and scope of supply.

To protect the interest of utilities, State Utilities are actively participating while framing of Regulations. ARR is regularly filed to UPERC considering the effect of change, increase/decrease, of power purchase cost and other expenses in deciding the Tariff of Sales of Power to ultimate consumers.

# 2. <u>Capital Management:</u>

The company's objective when managing capital is to safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders and maintain an appropriate capital structure of debt and equity.

The Company is wholly owned by the Uttar Pradesh Power Corporation Limited and the decision to transferring the share application money for issuing the shares is lay solely with Uttar Pradesh Power Corporation Limited. The Company acts on the instruction and orders of the Uttar Pradesh Power Corporation Limited to comply with the statutory requirements.

The debt portion of capital structure is funded by the various banks, FIs and other institutions as per the requirement of the company.

2 4

The Company earns revenue primarily from supply of power to ultimate consumers situated in the area covered under its jurisdiction to supply the power. The Company procures the power from its Holding Company (UPPCL) which procures the power on our behalf and supplies the same to us.

Effective from 01st April, 2018, the Company has applied Ind AS 115, Revenue from Contracts with Customers, using the cumulative catch up transition method, applied to contracts with customers that were not completed as at 01st April, 2018. Accordingly, the comparative amounts of revenue have not been retrospectively adjusted and continue to be reported as per Ind AS 18 "Revenues" and Ind AS 11 "Construction Contracts" (to the extent applicable). The effect on the adoption of Ind AS 115 was insignificant as we supply the power to our ultimate consumers and generate the bills on monthly consumption basis.

Revenue from sale of power is recognized on satisfaction of performance obligation upon supply of power to the consumers at an amount that reflects the consideration (As per UPERC Tariff), adjusted with rebate on timely payment, the Company expects to receive in exchange for those supplied power.

Consumer Contribution received under Deposit Work has been amortized in the proportion in which depreciation on related asset is charged to allocate the transaction price over a period of life of assets.
